Description

Consumers Energy is excited to announce internship opportunities for students in 2026. Join us for a unique and enriching experience to gain hands-on exposure to the energy industry. As an intern at Consumers Energy, you will have the chance to work on impactful projects, collaborate with industry professionals, and develop valuable skills that will shape your future career in the energy sector.

Responsibilities

- Support day-to-day operations within various departments, including energy generation, distribution, and sustainability.
- Contribute to research and analysis projects to enhance operational efficiency and sustainability initiatives.
- Collaborate with cross-functional teams on projects related to renewable energy and technological advancements.
- Participate in field visits and inspections to gain practical knowledge of energy infrastructure.
- Prepare reports and presentations to communicate findings and recommendations.

Qualifications

- Currently enrolled in an undergraduate or graduate program, focusing on engineering, business, environmental science, or a related field.
- Strong academic record and a passion for the energy industry.
- Excellent communication and interpersonal skills.
- Ability to work independently and collaboratively in a team environment.
- Eagerness to learn and a proactive approach to problem-solving.

Experience

- No prior professional experience required; previous coursework or internships related to the energy sector is a plus.
- Familiarity with basic concepts in energy generation, distribution, or sustainability.

Skills

- Proficient in Microsoft Office Suite (Word, Excel, PowerPoint).
- Analytical mindset with strong problem-solving skills.
- Detail-oriented with the ability to manage multiple tasks effectively.
- Adaptability to a dynamic work environment.

Job Benefits

- Hands-on experience in the energy industry with a leading utility company.
- Networking opportunities with professionals in the energy sector.

- Exposure to cutting-edge technologies and sustainable energy initiatives.
- Professional development and mentorship.
- Competitive stipend or compensation.

How To Apply

Interested candidates should apply online through the Consumers Energy. Please submit your resume, cover letter, and academic transcripts. Indicate “Consumers Energy Internship 2026 Application” in the subject line.

Consumers Energy is an equal opportunity employer. We encourage diversity and welcome applicants from all backgrounds to apply.
