Description

First Electric Cooperative is excited to offer Internship opportunities for graduate students in 2026. This program provides a unique opportunity to gain hands-on experience in the electric cooperative industry and contribute to the cooperative's mission of providing reliable energy services to our communities.

Responsibilities

- Collaborate with departmental teams on projects related to energy distribution and services.
- Conduct research and analysis to support decision-making processes.
- Assist in the planning and execution of cooperative initiatives.
- Engage in fieldwork to gain practical experience in electric utility operations.
- Provide administrative support and contribute to ongoing projects.
- Participate in professional development activities and training sessions.

Qualifications

- Currently enrolled in a graduate program in Engineering, Energy Management, Business Administration, or a related field.
- Strong academic record.
- Excellent written and verbal communication skills.
- Detail-oriented with strong organizational abilities.
- Ability to work independently and as part of a team.
- Understanding of electric utility operations and energy management is advantageous.

Experience

- Previous internship experience or coursework related to the energy industry is preferred but not mandatory.
- Familiarity with electric cooperative principles and practices is a plus.

Skills

- Proficient in Microsoft Office suite (Word, Excel, PowerPoint, Outlook).
- Analytical thinking and problem-solving skills.
- Adaptability and a willingness to learn about electric utility operations.
- Strong interpersonal and teamwork skills.
- Time management and ability to handle multiple tasks effectively.

Job Benefits

- Gain practical experience in the electric cooperative industry.
- Networking opportunities with professionals in the energy sector.
- Exposure to various aspects of electric utility operations.
- Mentorship and guidance from experienced cooperative professionals.

- Potential for academic credit, if applicable.
- Competitive compensation for the duration of the internship.

How To Apply

Interested candidates should submit a resume and cover letter expressing their interest in the First Electric Cooperative Internship Graduate Programs 2026. Please use “First Electric Cooperative Internship 2026 Application” as the subject line. Shortlisted candidates will be contacted for interviews.
