TCEQ Summer Internship Program Opportunities 2026

Description

The TCEQ Summer Internship Program provides passionate students with unique opportunities to contribute to meaningful projects alongside environmental professionals. You'll gain valuable real-world experience in various areas related to:

- **Air Quality:** Monitoring and regulating air emissions, developing air quality plans.
- **Water Quality:** Protecting and managing Texas' water resources, investigating water pollution.
- **Waste Management:** Ensuring safe and sustainable waste disposal practices.
- **Environmental Enforcement:** Investigating and resolving environmental violations.
- **Public Outreach & Education:** Raising awareness about environmental issues and promoting sustainability.

Responsibilities

- Assist with assigned projects under the guidance of experienced mentors.
- Conduct research, gather data, and prepare reports relevant to your internship area.
- Participate in meetings, training sessions, and public outreach events.
- Develop presentations and recommendations based on your findings.
- Contribute to maintaining a professional and collaborative work environment.

Qualifications

- Currently enrolled in an accredited undergraduate or graduate program.
- Minimum GPA of 3.0 required (may vary depending on program).
- Strong communication, analytical, and problem-solving skills.
- Ability to work independently and as part of a team.
- Proficient in Microsoft Office Suite.
- U.S. citizenship or valid work authorization required.

Experience

- Prior internship or relevant work experience preferred, but not required.
- Experience in your field of study or a related field is a plus.
- Strong academic performance demonstrates your ability to excel in the internship.

Skills

- Excellent written and verbal communication skills.
- Ability to manage time effectively and meet deadlines.
