Dane County Regional Airport Jobs — Grounds and Runway Maintenance Assistant — Madison, WI, USA

Description

Work in airport grounds & maintenance often involves responsibilities associated with a Grounds and Runway Maintenance Assistant, an option for anyone researching Dane County Regional Airport in Madison, WI, USA. A regular workflow combines supporting seasonal runway grounds upkeep with recording equipment and surface maintenance checks, with care needed to meet each deadline. People with experience in grounds maintenance and operational safety can apply those strengths to this career area.

Responsibilities

- Support seasonal runway grounds upkeep.
- Record equipment and surface maintenance checks.
- Follow local safety and access rules while reporting delays or facilities issues.
- Share work updates and close out records when each task is complete.

Qualifications

- Practical familiarity with grounds maintenance and operational safety.
- Ability to organize information and communicate clearly with colleagues or service users.
- Attention to accuracy, deadlines, and established operating procedures.

Experience

A background in grounds maintenance, academic projects, or related service work provides useful preparation for grounds and runway maintenance assistant responsibilities.

Skills

grounds maintenance, operational safety, equipment logs, communication, organization, accuracy
